

Designing a European Innovation Council:

A Call for Ideas

Fields marked with * are mandatory.

*Name:

*Organisation:

*What is your main field of activity?

- Private individual
- Business (e.g. start-up, SME, large company)
- Finance (e.g. venture capital, banking, angel funding, crowdfunding)
- Research (e.g. university, public or private R&D, foundation, think-tank)
- Representative organisation (e.g. trade association, chamber of commerce)
- Public body (international, national or regional)
- Other

*Please explain

Please explain

We may publish your contribution on the Call for Ideas [webpage](#). You can select your privacy options at the end of the survey.

Questions

*1. Do you agree that a lack of disruptive, market-creating innovation is an obstacle to job creation and economic growth in Europe? (1-strongly agree; 4-strongly disagree)

- 1
- 2
- 3
- 4
- Don't know

Further comments

*2. Do you agree that there are gaps in current EU support (e.g. Horizon 2020, European Structural and Investment Funds) for disruptive, market-creating innovation and for scaling up of new businesses? (1-strongly agree 4-strongly disagree)

- 1
- 2
- 3
- 4
- Don't know

Further comments

*3. What issues do you think a European Innovation Council could address? Please tick as many boxes as apply.

- Bring together and simplify access to current EU innovation support [Tweet](#)
- Fill in gaps in current EU innovation support (e.g. more support for disruptive innovation and scale-ups, mentoring, bridging the 'valley of death') [Tweet](#)
- Provide strategic advice to improve the innovation environment (e.g. on regulation, policies, practices) [Tweet](#)
- Other [Tweet](#)
- Don't know

How could a European Innovation Council simplify access to EU innovation support?

How could a European Innovation Council fill in gaps in EU innovation support?

What sort of strategic advice could a European Innovation Council provide, and to whom?

What other issues could a European Innovation Council address?
